100 ACRE

Technical Specifications

100 ACRE promotes wellbeing by introducing plants into the workplace and providing multiple benefits to employees for cleaner air, better health and increased focus. Reducing pollutant gases, airborne dust, air temperatures and background noise, plants lower carbon dioxide levels and help to lower stress. Including green walls and foliage in the workplace with 100 ACRE brings nature into the work space for an aesthetically pleasing feel good environment.

Product Data

100 ACRE TRELLIS

Adding a green wall without the need for a structural component, 100 ACRE TRELLIS can move around the office to create a privacy barrier, a separate working area, décor, change of scene, or living sculpture.
